EXPERIENCE

Globiva
Full Stack Developer

February 2025 – Present

- Architected and delivered end-to-end web solutions using React, Node.js, JavaScript, SQL, and Bootstrap, improving platform responsiveness and user experience across multiple internal tools.
- Spearheaded the development of high-impact modules such as Report Incident, Holiday Master, Asset Management, and an advanced To-Do List, streamlining organizational workflows and boosting productivity.
- Engineered scalable RESTful APIs and optimized database interactions, resulting in faster data processing, reduced load times, and enhanced system reliability.

Celebal Technologies
Intern

JUNE 2024 – AUG 2024

- Developed and implemented scalable server-side applications using Node.js, focusing on creating RESTful APIs and real-time systems to support dynamic web applications.
- Built and maintained backend services, including APIs for web apps, to enhance functionality and performance.

PROJECTS

Yoom – Video Chat App [↗](#) | [Next.js](#), [TypeScript](#), [Clerk](#), [Getstream](#), [Shadcn UI](#), [Tailwind CSS](#)

2025

- Developed a secure and scalable video conferencing platform with authentication, real-time meetings, personal chat rooms, meeting recording, playback, and encrypted communication for seamless collaboration.
- Implemented features to schedule and manage upcoming meetings, view past sessions, and access recorded meetings through a responsive, user-friendly interface optimized for all devices.

Chatbot – LLM-Powered Q&A System [↗](#) | [Python](#), [LLMs](#), [SentenceTrans](#), [ChromaDB](#), [Flask](#)

2025

- Developed a document-aware chatbot using SentenceTransformers and ChromaDB to answer natural language queries from Excel, PDF, and CSV files.
- Built a RAG pipeline with LLM embeddings, semantic + fuzzy matching, and PDF fallback extraction for unmatched queries.
- Engineered a robust Flask backend with well-defined REST APIs and a custom HTML/JavaScript frontend; included logging and Excel-based tracking of unanswered queries for iterative improvement.
